

STATEMENT OF INVESTMENT POLICY

FOR THE

**CITY OF POMPANO BEACH GENERAL
EMPLOYEES' RETIREMENT SYSTEM**

Adopted: June 20, 2017

Introduction

The Board of Trustees of the City of Pompano Beach General Employees' Retirement System has established this Statement of Investment Policy. This policy has been identified by the Board as having the greatest expected investment return, and the resulting positive impact on asset values, funded status, and benefits, without exceeding a prudent level of risk. The Board determined this policy after evaluating the implications of increased investment return versus increased variability of return for a number of potential investment policies with varying commitments to different asset classes.

This Statement of Investment Policy is intended to complement the investment guidelines provided in applicable State Statutes, and local ordinances. The purpose of this Statement is to:

- 1) Provide the investment manager a more accurate understanding of the Trustees' investment objectives and,
- 2) Indicate the criteria by which the investment manager's performance will be evaluated.

INVESTMENT MANAGER RESPONSIBILITIES

- 1) Within the guidelines and restrictions set forth herein, it is the intention of the Board to give the investment manager full investment discretion, with respect to assets under its management. The investment manager shall discharge its responsibilities in the same manner as it would if the Fund were governed by the fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Although the Fund Trustees acknowledge that ERISA does not apply to a governmental fund, it hereby imposes the fiduciary provisions of ERISA upon the investment manager whose performance shall conform to the statutory provisions, rules, regulations, interpretations and case law of ERISA. The investment manager shall acknowledge, in writing, that it is a named fiduciary of the Fund.
- 2) The investment manager is expected to provide any reasonable information requested by the Board of Trustees. At a minimum, each manager shall provide a quarterly report detailing their investment activity, the portfolio's current value, and any changes in investment philosophy or strategy. The Firm's investment manager is expected to meet with the Board of Trustees at least once per year. A designated representative will meet with the Board of Trustees, as requested.
- 3) Unless otherwise provided by the Custodian, the investment manager will monitor portfolio activity to minimize non-invested cash balances.
- 4) The investment manager shall be responsible only for those assets under its management. It will be the responsibility of the investment manager to review the monthly valuations provided by the Custodian and to note, in writing, any significant discrepancies from the valuations provided in their own reports.

Florida Statute 112:

1. **EXPECTED ANNUAL RATE OF RETURN:** With consideration to rates of return from different asset classes, the Board of Trustees has crafted its investment program in order to deliver an expected rate of return similar to that of the actuarial assumed rate. The Board shall determine for each actuarial valuation, the total expected annual rate of return for the current year, for each of the next several years and for the long term thereafter. The total expected annual rate of return is anticipated to be similar to the actuarial assumed rate of return. This determination is to be filed with the Department of Management Services and with the plan sponsor and consulting actuary.
2. **CONTINUING EDUCATION:** The Board of Trustees relies on its consultants and professionals to provide continuing education on pension and investment issues. The Board of Trustees also recognize state and regional conferences as a source of continuing education. The Trustees are encouraged to attend conferences, schools, and other functions periodically in order to fulfill this requirement.
3. **FILING OF INVESTMENT POLICY:** The investment policy is to be promptly filed with the Department of Management Services, plan sponsor and consulting actuary. The effective date of the investment policy and any amendment thereto shall be the 31st calendar day following the filing date with the plan sponsor.

GENERAL OBJECTIVES

The primary investment objective of the City of Pompano Beach General Employees' Retirement System is the preservation of invested capital. The secondary objective is to achieve moderate long-term real growth of the assets while minimizing the volatility of returns.

To achieve these objectives, the Board of Trustees seeks to create well-diversified and balanced portfolio of assets and asset classes managed in separate accounts, mutual funds, commingled funds, and/or limited partnerships. The Board has determined that one or more outside investment managers may be retained to assure that all investments are managed in both a prudent and professional manner and in compliance with the stated investment guidelines.

INVESTMENT OBJECTIVES

Investment objectives are intended to provide quantifiable benchmarks to measure and evaluate portfolio return and risk. Most investment styles require a full market cycle to allow an investment manager to demonstrate his abilities. A full market cycle is defined as a three to five-year time period. As a result, performance objectives will be measured over three to five year periods. Monitoring shorter periods may be used to determine the trend of performance premiums or deficiencies.

The specific investment objectives of the City of Pompano Beach General Employees' Retirement System are as follows:

Absolute Return Objective: The Goal of the Pompano Beach General Employees' Retirement System shall be to achieve an average annual rate of return greater than **8.0%**, over the longer term. This absolute return objective will be evaluated in the context of the prevailing investment market conditions.

Market Return Objective: In order to provide a reference of fund return and risk relative to a similar basket of passive assets, the board has developed a "Target Index". The fund's objective is to achieve a rate of return over the long term (3 to 5 years), which exceeds the return of a Target Index.

The Target Index for the City of Pompano Beach General Employees' Retirement System is defined as a **35%** investment in the Russell 1000 Stock Index, a **15%** investment in the Russell 2500 Stock Index, a **15%** investment in the Europe Australasia and Far East (EAFE) Index, a **15%** investment in the Bloomberg Barclays Intermediate U.S. Aggregate Bond Index, a **10%** investment in the Consumer Price Index plus 3.0% (CPI + 3.0%), and a **10%** investment in the NCREIF Property Index.

**Prior to funding the JPM Absolute Return strategy (infrastructure) the benchmark will remain unchanged.*

Peer Return Objective: It is expected that the total rate of return earned by the Fund and the returns earned by the stock and bond portions of the portfolio will each rank above in the **Top 50%** when compared to a representative universe of other, similarly managed portfolios.

Volatility: The volatility of the Fund's total returns is expected to be similar to that of the Target Index and will be evaluated accordingly.

The above investment objectives have been established for the entire City of Pompano Beach General Employees' Retirement System. The specific investment objectives for each investment manager will be outlined in addenda to this overall Statement of Investment Policy.

INVESTMENT GUIDELINES

The Board of Trustees has established the following target asset allocation for the entire Pompano Beach General Employees' Retirement System investment account:

	Target Allocation (at market)	Permissible Range (at market)	Representative Benchmark
Equity:			
Large Cap Equity	35%	25% - 45%	Russell 1000
Small/Mid Cap Equity	15%	5% - 25%	Russell 2500 / 2000
Foreign Equity	15%	5% - 25%	EAFE
Total Equity	65%	35% - 70%	
Fixed Income & Alternatives:			
Fixed Income	15%	10% - 35%	Bloomberg Barclays Intermediate Agg
Absolute Return*	10%	5% - 20%	CPI+ 3% / 8.0%
Direct Real Estate	10%	5% - 20%	NCREIF
Cash Equivalents	0%	0% - 10%	T-bills

**Absolute return strategies may include but not be limited to infrastructure, maritime, tactical asset allocation, TIPs, or market neutral.*

The Board has chosen to engage specialty managers for each asset class. It is the Board's intention to rebalance each asset class and/or manager portfolio quarterly. The trigger for rebalancing has been identified to be when the market value of any asset class/manager portfolio increases or decreases outside the permissible ranges listed above. To implement this strategy, the Board has chosen to hire one or more professional investment managers. It may be necessary to rebalance between investment managers in order to maintain the permissible asset allocation ranges outlined above. It is the Board of Trustees' intention to evaluate asset valuations quarterly to make the necessary adjustments to achieve compliance with these guidelines.

In accordance with the policies established by the Board of Trustees, the assets of the Pompano Beach General Employees' Retirement System shall be invested in a diversified portfolio of securities, funds and/or pooled assets. Separate account portfolios managed by outside investment advisors and holding individual securities are to comply with the guidelines listed below.
