Board of Trustees
City of Pompano Beach General Employees' Retirement System
555 South Andrews Avenue, Suite 106
Pompano Beach, Florida 33069

Dear Members of the Board:

This report presents the results of the actuarial valuation of the City of Pompano Beach General Employees' Retirement System for the plan year beginning October 1, 2013. The purpose of this report is to provide a summary of the funded status of the plan as of October 1, 2013 and to determine the minimum required contribution amount for the 2014/2015 fiscal year. In addition, this report provides a record of any plan amendments or other plan changes affecting the financial status of the fund. Our calculations were prepared based on member data and financial information provided by the Retirement System. All historical data before the October 1, 2010 valuation was provided by the prior actuary.

Summary of Valuation Results

The Retirement System receives contributions from the City of Pompano Beach, Broward Sheriff's Office (BSO) and from active members. Members hired prior to June 8, 2011 contribute 10% of compensation, while members hired on or after June 8, 2011 contribute 7.00% of compensation. In addition, the City contributes the required member contributions on behalf of the elected/appointed members who participate in the System. These contributions are considered member contributions and are not reflected in the required minimum City contribution. In determining the City's and the County's contribution requirement we have included two alternatives. The first includes interest to reflect that the City will make quarterly contributions throughout the fiscal year. The second reflects that the City will contribute a single lump sum payment on December 31, 2014. Both contribution alternatives anticipate that the BSO will make bi-weekly contributions throughout the fiscal year.

Quarterly Contributions

The total required annual contribution for the 2014/2015 fiscal year from all sources payable based on a quarterly payment schedule beginning October 1, 2013 is \$9,307,147. The amount of the City/BSO contributions varies from year to year. Member contributions are equal to 9.70% employees' projected payroll. After taking into account expected member contributions of \$2,574,851, the total required contribution from the City/BSO is \$6,732,296 or 25.36% of projected payroll. Of this amount the City is expected to contribute \$6,344,632 and BSO is expected to contribute \$387,664. In comparison, the required City/BSO contribution for the 2013/2014 fiscal year was \$6,761,668, or 25.56% of projected payroll.

Single Lump Sum Payment

The total required annual contribution for the 2014/2015 fiscal year from all sources payable as a single lump sum payment on December 31, 2014 is \$9,220,174. The amount of the City/BSO contributions varies from year to year. Member contributions are equal to 9.70% of employees' projected payroll. After taking into account expected member contributions of \$2,574,851, the total required contribution from the City/BSO is \$6,645,323 or 25.03% of projected payroll. Of this amount the City is expected to contribute \$6,259,058 and the BSO is expected to contribute \$386,265.

The plan provides a 2% COLA each year and an additional 1% COLA if certain conditions are met. If there is a net experience gain for the year, or the City's cost for the year is \$0 after payment of the additional COLA as long as the present value of the additional COLA is not more than the cumulative gains that occurred since inception of the COLA. Since there was a net experience loss for the year and a required City contribution is due, no variable COLA will be paid this year.

Actuarial gains and losses result when the actual experience of the plan (such as asset return, pay increases, turnover, deaths, etc.) is different from that expected by the actuarial assumptions. The plan's unfunded liability was projected to be \$61,765,825 as of October 1, 2013, taking into account contributions from the City, County and members of \$6,332,731. The actual unfunded liability is \$59,305,766. The decrease of \$2,460,059 is due to an experience gain for the 2012/2013 plan year. Most of this gain is attributable to salary remaining flat during the 2012/2013 plan year. A detailed analysis of the gain and loss is presented in Table II. The total decrease in City/County contribution to amortize the unfunded liability is 2910 per year. A summary of the amortization payments is presented in Table Va.

The valuation is based on a series of actuarial assumptions, including an interest rate of 8.00% per year and an annual payroll growth assumption of 2.40%. There have been no changes in the actuarial assumptions since the previous valuation.

A summary of the results of the valuation and the contribution requirements is presented in Table I. Disclosure information required by GASB statements 25 and 27 can be found in Tables III and IV. The disclosure information required by Chapter 112, Florida Statutes, is presented in Table V. Tables VII and X provide information about the fund's assets and historical contributions. Table VIb provides an asset reconciliation between October 1, 2012 and October 1, 2013. Table VI provides a breakdown of the fund assets by investment type and the calculation of the actuarial value of assets. Tables VII, VIIa, VIII provide a historical record of the growth, expenses, revenues, annual returns and contributions of the fund. Tables IX and IXa through IXd provide a variety of useful information concerning the participant population. The assumptions used in the valuation are outlined in Table XI. Provisions of the plan are set forth in Table XII.

This actuarial valuation was prepared and completed by us or under our direct supervision and we acknowledge responsibility for the results. To the best of our knowledge, the results are complete and accurate and, in our opinion, the techniques and assumptions used are reasonable and meet the requirements and intent of Part VII, Chapter 112, Florida Statutes. There is no benefit or expense to be provided by the plan and/or paid from the plan's assets for which liabilities or current costs have not been established or otherwise taken into account in the valuation. All known events or trends which may require a material increase in plan costs or required contribution rates have been taken into account in the valuation.

Future actuarial results may differ significantly from the current results presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. Since the potential impact of such factors is outside the scope of a normal annual actuarial valuation, an analysis of the range of results is not presented herein.

Respectfully submitted,

g. Expected City/County Contribution	\$6,674,256	\$6,645,323
h. Total (f. + g.)	\$9,266,697	\$9,220,174
8. Annual Cost (as a % of projected payroll)		
a. Quarterly Basis		
i. Total Required Contribution	35.36%	35.06%
ii. Expected Member Contributions *	9.80%	9.70%
iii. Expected City/County Contribution	25.56%	25.36%
b. Single Lump Sum Basis		
i. Total Required Contribution	35.03%	34.73%
ii. Expected Member Contributions *	9.80%	9.70%
iii. Expected City/County Contribution	25.23%	25.03%

*Non-Elected members in Plan 1 contribute 10.0% of payroll, and 7% of payroll if in Plan 2. The City contributes 10.0% of payroll on behalf of elected/appointed members.

GAIN AND LOSS ANALYSIS

TABLE II

A. UNFUNDED ACCRUED ACTUARIAL LIABILITY (GAIN) / LOSS ANALYSIS

1. Actual Unfunded Accrued Actuarial Liability as of October 1, 2012	\$61,589,239
2. Plan Sponsor Normal Cost for this Plan Year (including expenses)	\$1,934,071
3. Interest on items 1 and 2 [(1+2) x 8%]	\$5,081,865
4. Plan Sponsor Contribution for this Plan Year: (including amounts expected to be paid)	(\$6,332,731)
5. Interest on item [4 x 8%]	(\$506,618)
6. Changes due to:	
a. Assumption changes	\$0
b. Plan amendments	\$0
c. Funding Method	\$0
d. Actuarial (Gain) / Loss	(\$2,460,059)
7. Actual Unfunded Accrued Liability as of October 1, 2013: (1. + 2. + 3. + 4. + 5. + 6.)	\$59,305,766
8. Items Affecting Calculation of Unfunded Accrued Actuarial Liability:	
a. Plan provisions reflected in the unfunded accrued liability (see Table XII)	
b. Plan amendments reflected in item 4.c. above (see Table XIIa)	
c. Actuarial assumptions and methods used to determine actuarial accrued liability (see Table XI)	

B. ASSET (GAIN) / LOSS ANALYSIS

1. Actuarial Value of Assets as of October 1, 2012	\$123,424,957
2. Interest on item [1a. x 8%]	\$9,873,997
3. Contributions for the 2012/2013 Plan Year	\$8,857,264
4. Interest on item [1c. x 8% x .5]	\$354,291
5. Benefit Payments for 2012/2013 Plan Year (Including Expenses)	(\$9,260,846)
6. Interest on item [1e. x 8% x .5]	(\$370,434)
7. Expected Actuarial Value of Assets as of October 1, 2013	\$132,879,229
8. Actuarial Value of Assets as of October 1, 2013	\$132,247,827
9. (Gain) / Loss	\$631,402

GAIN AND LOSS ANALYSIS

TABLE II

1. Unfunded Accrued Liability Contribution as of October 1, 2012:		\$3,890,254
2. Net Actuarial (Gains)/Losses During the 2012/2013 Plan Year:		
a. Due to Salary	-\$199,328	
b. Due to Investment Performance	\$41,049	
c. Due to Turnover/Mortality	-\$14,093	
d. Due to New Retirements	-\$2,371	
e. Due to Difference and Timing in Contributions	\$22,203	
f. Due to Data/Service Adjustments/Benefit Payments	-\$63,052	
g. Due to New Members	\$5,696	
h. Total		-\$209,896
3. Change in Unfunded Accrued Liability Contribution During the 2012/2013 Plan Year:		
a. Assumption changes (decrease in payroll growth assumption)	\$0	
b. Method changes (valuation software/change in actuary)	\$0	
c. Plan changes	\$0	
d. Total change		\$0
4. Other Effects		\$206,986
5. Unfunded Accrued Liability Contribution as of October 1, 2013		<u>\$3,887,344</u>

6. Comments on Change in Unfunded Accrued Liability Contribution:

Salary/Service: Actual average salary increase of 1.4% compared to expected increases of 5.8%.

Investment Performance: 7.5% actual vs. 8.0% expected return on the actuarial value of assets.

Turnover: Net effect on the valuation liabilities of actual deaths, terminations of employment and disabilities different from what was anticipated in the aggregate by the assumptions related to those events.

New retirements: Net effect of differences in expected vs. actual numbers of, and benefits for, new retirements and refund of employee contributions.

Due to Differences and Timing of Contributions: Due to the one year lag of when the required contribution is determined and when it is deposited into the fund.

Data/Service Adjustments: Effect of service adjustments for service purchases.

Assumption Changes: None

Method Changes: None

Plan Changes: None

Other Effects: 2.4% increase in unfunded liability payment, accompanied with a loss due to full amortization of prior base.

**ACCOUNTING DISCLOSURES (GASB 25/27)****TABLE III**

	For Fiscal Year Ended	
	9/30/2013	9/30/2014
A. Number of Plan Members as of October 1:	2012	2013
a. Retirees and beneficiaries receiving benefits	359	367
b. Terminated plan participants entitled to but not yet receiving benefits	23	21
c. Active plan participants	<u>472</u>	<u>479</u>
d. Total	854	867
 B. Development of Annual Required Contribution (ARC):		
	Valuation Date	
	10/01/2011	10/01/2012
a. Employer normal cost:		
i. Normal cost plus Admin. Expenses	\$5,496,237	\$5,376,443
ii. Expected employee contribution	(\$2,678,752)	(\$2,592,441)
iii. Employer normal cost	<u>\$2,817,485</u>	<u>\$2,784,002</u>
b. Amortization of UAAL:		
i. PV of future benefits	\$212,283,276	\$216,730,068
ii. PV of future employer normal costs	(\$11,950,843)	(\$11,660,244)
iii. PV of future employee contributions	(\$20,644,381)	(\$20,055,628)
iv. Actuarial accrued liability (AAL)	\$179,688,052	\$185,014,196
v. Actuarial value of assets	(\$125,170,479)	(\$123,424,957)
vi. Unfunded AAL (UAAL)	\$54,517,573	\$61,589,239
vii. Amortization of UAAL	<u>\$3,493,401</u>	<u>\$3,890,254</u>
c. ARC (Lump Sum Payable December 31 st)	\$6,310,886	\$6,674,256
 C. Annual Pension Cost and Net Pension Obligation (NPO):		
a. ARC (Lump Sum Payable December 31 st)	\$6,310,886	\$6,674,256
b. Interest on NPO	(\$43,372)	(\$45,769)
c. Adjustment to ARC	(\$35,246)	(\$37,195)
d. Annual Pension Cost	<u>\$6,302,760</u>	<u>\$6,665,682</u>
e. City and County Contributions made	\$6,332,731	
f. Increase(decrease) in NPO	(\$29,971)	
g. NPO (beginning of year)	(\$542,146)	
h. NPO (end of year)	<u>(\$572,117)</u>	

D. Schedule of Employer Contributions

Year Ended September 30	Annual Required Contribution	Contribution Made	Percentage Contributed
2010	\$4,337,004	\$4,338,870	100.0%
2011	\$5,349,396	\$5,351,521	100.0%
2012	\$5,780,545	\$5,801,971	100.4%
2013	\$6,310,886	\$6,332,731	100.3%
2014	\$6,674,256		

E. Schedule of Funding Progress

(\$'s in thousands)

Actuarial Valuation Date	Actuarial Value of Assets (1)	Actuarial Accrued Liability (AAL) (2)	Unfunded AAL (UAAL) (2) - (1)	Funded Ratio (1)/(2)	Covered Payroll (3)	UAAL as % of Covered Payroll [(2) - (1)]/(3)
10/1/2006	\$107,334	\$131,560	\$24,226	81.6%	\$24,963	97.0%
10/1/2007	\$118,773	\$143,587	\$24,814	82.7%	\$26,692	93.0%
10/1/2008	\$124,869	\$152,425	\$27,556	81.9%	\$27,478	100.3%

10/1/2010	\$126,103	\$169,995	\$43,892	74.2%	\$26,597	165.0%
10/1/2011	\$125,170	\$179,688	\$54,518	69.7%	\$26,238	207.8%
10/1/2012	\$123,425	\$185,014	\$61,589	66.7%	\$25,833	238.4%
10/1/2013	\$132,248	\$191,554	\$59,306	69.0%	\$25,923	228.8%

Additional Information

Valuation date :	October 1, 2012	October 1, 2013
Actuarial cost method:	Entry Age Normal	Entry Age Normal
Amortization method:	Level Percent Closed	Level Percent Closed
Remaining amortization period:	1 to 30 years	1 to 30 years
Asset valuation method:	5 - Year Smoothed Market	5 - Year Smoothed Market
Actuarial assumptions:		
Investment rate of return	8.00%	8.00%
Projected salary increases	4.25 to 7.50%	4.25 to 7.50%
Includes inflation at	3.50%	3.50%
Cost of living adjustments	2.00%	2.00%

PRESENT VALUE OF ACCRUED BENEFITS

TABLE IVa

Shown below is the development of the Total Present Value of Accrued Benefit for the Plan. The calculations were performed in accordance with Chapter 2011-216 Laws of Florida (SB 1128) which requires the calculation of the present value of accrued benefits be calculated using the Florida Retirement System’s assumed rate of return of 7.75% in order to promote comparability of actuarial data between local plans.

1. Actuarial Present Value of Accrued Benefits

	<u>As of</u> <u>October 1, 2012</u>	<u>As of</u> <u>October 1, 2013</u>
a. Vested Accrued Benefits:		
i. Inactive members and beneficiaries	\$108,907,167	\$113,819,147
ii. Active members	<u>\$57,805,423</u>	<u>\$60,032,644</u>
iii. Sub-total	\$166,712,590	\$173,851,791
b. Non-vested Accrued Benefits	<u>\$1,895,475</u>	<u>\$1,738,340</u>
c. Total Benefits	<u>\$168,608,065</u>	<u>\$175,590,131</u>
d. Market Value of Assets	\$123,122,925	\$143,522,730
e. Percentage Funded	73.0%	81.7%

2. Statement of Changes in Total Actuarial Present Value of All Accrued Benefits

a. Actuarial Present Value as of October 1, 2012:	\$168,608,065
b. Increase (Decrease) During 2012/2013 Plan Year Attributable to:	
i. Interest	\$12,726,860
ii. Benefits accumulated/experience	\$3,036,236
iii. Benefits paid	(\$8,781,030)
iv. Plan amendments	\$0
v. Changes in actuarial assumptions or methods	<u>\$0</u>
vi. Net increase (decrease)	<u>\$6,982,066</u>
c. Actuarial Present Value as of October 1, 2013:	<u>\$175,590,131</u>

3. Items Affecting Calculation of Actuarial Present Value of Accrued Benefits

- a. Plan provisions reflected in the accrued benefits (see Table XII on page 33)
- b. Plan amendments reflected in item 2.b.iv. Above
- c. Actuarial assumptions and methods used to determine present values (see Table XI on page 29)
- d. Changes in actuarial assumptions and methods reflected in item 2.b.v. above

Shown below is the development of the Total Present Value of Accrued Benefit for the Plan. The calculations were performed using the Plan’s discount rate of 8.0%.

1. Actuarial Present Value of Accrued Benefits

	<u>As of October 1, 2012</u>	<u>As of October 1, 2013</u>
a. Vested Accrued Benefits:		
i. Inactive members and beneficiaries	\$106,179,943	\$111,077,544
ii. Active members	<u>\$55,947,227</u>	<u>\$58,128,743</u>
iii. Sub-total	\$162,127,170	\$169,206,287
b. Non-vested Accrued Benefits	<u>\$1,772,075</u>	<u>\$1,619,667</u>
c. Total Benefits	<u>\$163,899,245</u>	<u>\$170,825,954</u>
d. Market Value of Assets	\$123,122,925	\$143,522,730
e. Percentage Funded	75.1%	84.0%

2. Statement of Changes in Total Actuarial Present Value of All Accrued Benefits

a. Actuarial Present Value as of October 1, 2012:	\$163,899,245
b. Increase (Decrease) During 2012/2013 Plan Year Attributable to:	
i. Interest	\$12,760,698
ii. Benefits accumulated/experience	\$2,947,041
iii. Benefits paid	(\$8,781,030)
iv. Plan amendments	\$0
v. Changes in actuarial assumptions or methods	<u>\$0</u>
vi. Net increase (decrease)	<u>\$6,926,709</u>
c. Actuarial Present Value as of October 1, 2013:	<u><u>\$170,825,954</u></u>

3. Items Affecting Calculation of Actuarial Present Value of Accrued Benefits

- a. Plan provisions reflected in the accrued benefits (see Table XII on page 33)
- b. Plan amendments reflected in item 2.b.iv. Above
- c. Actuarial assumptions and methods used to determine present values (see Table XI on page 29)
- d. Changes in actuarial assumptions and methods reflected in item 2.b.v. above

**INFORMATION REQUIRED BY FLORIDA STATUTE (CHAP. 112)****TABLE V**

	Actuarial valuation prepared as of:	
	October 1, 2012	October 1, 2013
1. Participant Data:		
a. Active members:		
i. Number	472	479
ii. Total annual payroll	\$25,833,472	\$25,922,708
iii. Projected annual payroll	\$26,453,475	\$26,544,853
b. Retirees and beneficiaries:		
i. Number	293	305
ii. Total annualized benefit	\$7,148,352	\$7,703,808
c. Disabled members receiving benefits:		
i. Number	21	20
ii. Total annualized benefit	\$496,162	\$458,711
d. Members in DROP:		
i. Number	45	42
ii. Total annualized benefit	\$1,638,777	\$1,181,040
e. Terminated vested members:		
i. Number	23	21
ii. Total annualized benefit	\$418,266	\$390,698
2. Assets:		
a. Actuarial value of assets	\$123,424,957	\$132,247,827
b. Market value of assets	\$123,122,925	\$143,522,730
3. Liabilities:		
a. Present value of all future expected benefit payments:		
i. Active members:		
Retirement benefits	\$101,031,666	\$101,742,286
Vesting benefits	\$2,586,841	\$2,506,978
Disability benefits	\$3,534,087	\$3,508,686
Death benefits	\$2,518,825	\$2,518,251
Return of member contributions	\$878,706	\$839,864
Sub-total	\$110,550,125	\$111,116,065
ii. Terminated vested members	\$4,322,153	\$3,806,430
iii. Retired members and beneficiaries:		
Retirees, members in DROP, and beneficiaries	\$96,302,576	\$102,108,032
Disabled members	\$5,555,214	\$5,163,081
Sub-total	\$101,857,790	\$107,271,113
iv. Total present value of all future expected ben. pmts.	\$216,730,068	\$222,193,608

**INFORMATION REQUIRED BY FLORIDA STATUTE (CHAP. 112)****TABLE V**

	Actuarial valuation prepared as of:	
	October 1, 2012	October 1, 2013
b. Liabilities due and unpaid	\$0	\$0
c. Active actuarial accrued liability	\$78,834,253	\$80,476,049
d. Inactive actuarial accrued liability	\$106,179,943	\$111,077,544
e. Total actuarial accrued liability	\$185,014,196	\$191,553,593
f. Unfunded actuarial accrued liability (please reference Table Va for details concerning the unfunded liability bases and amortization periods)	\$61,589,239	\$59,305,766
4. Actuarial Present Value of Accrued Benefits: (please reference Table IV for details concerning the present value of accrued benefits)	\$168,608,065	\$175,590,131
5. Pension Cost (as a % of annual payroll):		
a. Normal cost plus projected administrative expenses	17.11%	16.90%
Dollar amount	\$4,526,512	\$4,487,166
b. Payment to amortize unfunded liability	14.71%	14.64%
Dollar amount	\$3,890,254	\$3,887,344
c. Interest adjustment	3.54%	3.52%
Dollar amount	\$937,343	\$932,637
d. Amount to be contributed by members	9.80%	9.70%
Dollar amount	\$2,592,441	\$2,574,851
e. City Minimum Contribution	25.56%	25.36%
Dollar amount	\$6,761,668	\$6,732,296

1. Actuarial Cost Method

- Entry Age Normal Cost Method

2. Decrements

- **Pre-Retirement Mortality**

1983 Group Annuity Mortality Table for males and females

- **Post-Retirement Healthy Mortality**

1983 Group Annuity Mortality Table for males and females

- **Post-Retirement Disabled Mortality**

1983 Group Annuity Mortality Table (SF5) for males and females

- **Disability**

Representative values of the assumed annual rates of disability among members in active service are as follows:

Age	Ordinary Disability Rate	Service Disability Rate	Age	Ordinary Disability Rate	Service Disability Rate
20	.000232	.000058	40	.000484	.000121
25	.000232	.000058	45	.000868	.000217
30	.000232	.000058	50	.001716	.000429
35	.000260	.000065	55	.003564	.000891

• Retirement

Representative values of the assumed annual rates of retirement among members in active service are as follows:

Age	Rate
≤54	.0700
55	.5000
56-60	.3000
61-65	.5000
66-69	.3000
≥70	1.000

• Withdrawal from Active Status

Representative values of the assumed annual rates of withdrawal among members in active service are as follows:

Age	Rate	Age	Rate
20	.1071	40	.0321
25	.0756	45	.0227
30	.0536	50	.0132
35	.0416	55	.0038

3. Interest Rates

- Used for calculating all liabilities (including GASB 25/27 liabilities)
 - 8.0% per annum
- Used for calculating the Present Value of Accrued Benefits
 - 7.75% (Same as the Florida Retirement System)

4. Salary Increase

- **Individual Compensation:**

Service	Rate
0-10	7.50%
>10	4.25%

- **Aggregate Compensation**

2.4% per year

5. Marriage Assumptions

- **Percent Married:** 100% of active members assumed married at retirement.
- **Age Differences between Spouses:** Male spouses are assumed to be three years older than female spouses.

6. Expenses:

Expenses paid out of the fund, other than investment-related expenses, are assumed to be equal to the average of actual expenses over the previous two years.

7. DROP

- **Entry:** Of those assumed to retire using the Service Retirement rates, the proportion entering DROP is as shown in the following table.

Age at Retirement	Proportion Entering DROP
Under 55	0%
55-62	70%
Over 62	10%

- **Period:** DROP participants are assumed to remain in the DROP for a total of five years.

8. Assets

The market value of assets is adjusted to recognize, over a five-year period, investment earnings greater (or less than) the assumed investment return. The resulting Actuarial Value of Assets is limited to no more than 120% of the market value of assets and no less than 80% of the market value of assets. Details are shown in the Asset Information Section of the report.

9. Amortization Period

New Unfunded Actuarial Accrued Liability resulting from plan amendments, changes in assumptions or methods, or actuarial gains and loss are amortized over 30 years as a level percentage of expected payroll based on the plan's assumed rate of investment return.

10. BSO Required Contribution

The required contribution for the Broward Sheriff's Office (BSO) is determined by multiplying the total required contribution rate as a percentage of payroll by the payroll for BSO employees, projected to the following year.

11. Data Sources

- **Asset Data:**

The asset information is taken from audited statements furnished by the Retirement Office, and adjusted to include DROP Accounts as liabilities of the Plan. The DROP Account balances are added to net asset amount shown in the audited statement. The valuation entry for benefits paid during the last years reflects benefit amounts explicitly paid from the Plan (including the payout of DROP Accounts) and does not reflect those paid into members' DROP accounts.

- **Member Data:**

The member data is supplied by the Retirement Office. It is reviewed for reasonableness and consistency, but no audit was performed. Cavanaugh Macdonald is not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Effective Date:

Plan 1: December 8, 1972

Plan 2: June 8, 2011

Eligibility:

Regular full-time employment with the City (at least 26 hours per week and 5 months per year), including Elected Officials, Appointees, and Senior Managers.

Earnings:

Basic compensation and regular longevity pay, increased for temporary upgrade pay. Lump sum payment at termination for unused sick leave and vacation time is not included.

Average Monthly Earnings (AME):

Plan 1: Monthly average for the highest completed 78 bi-weekly pay periods during employment times 1.0048.

Plan 2: Monthly average for the highest completed 130 bi-weekly pay periods during employment times 1.0048.

Credited Service:

Total years and completed months of service from the last date of hire to the date of termination, retirement, death, or disability.

Normal Retirement

Eligibility (Normal Retirement Date):

The earlier of attainment of age 55 with 20 years of Continuous Service, or age 62 with 3 years of Credited Service as a “regular employee” with the City.

Benefit:

Plan 1: 2.75% of AME times years of service.

Plan 2: 2.00% of AME times years of service.

Maximum Benefit:

\$90,000 per year (indexed) at age 62, or 100% of AME (such earnings to exclude picked-up employee contributions per Sec. 414(h)(2), deferred compensation per Sec 457, and amounts deferred under Sec 125).

Normal Form of Benefit:

Life annuity to the member.

COLA:

Plan 1: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

Plan 2: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Early Retirement

Eligibility:

The attainment of 20 years of Credited Service.

Benefit:

Plan 1: 2.75% of AME times years of service.

Plan 2: 2.00% of AME times years of service.

Normal Form of Benefit:

Life annuity to the member.

COLA:

Plan 1: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

Plan 2: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Delayed Retirement

Benefit:

Plan 1: 2.75% of AME times years of service.

Plan 2: 2.00% of AME times years of service.

Normal Form of Benefit:

Life annuity to the member.

COLA:

Plan 1: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

Plan 2: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Drop Retirement

Eligibility:

The earlier of attainment of age 55 with 20 years of Continuous Service, or age 62 with 3 years of Credited Service as a “regular employee” with the City.

Benefit:

Plan 1: 2.75% of AME times years of service.

Plan 2: 2.00% of AME times years of service.

Normal Form of Benefit:

Life annuity to the member.

COLA:

Same as Normal Retirement, except that the COLA is first credited and paid on the October 1 the member is eligible to receive a COLA after leaving employment (exits DROP)

DROP Period:

The Member may remain in the DROP for any period up to five years.

Contributions:

Member contributions cease when Member enters DROP.

DROP Interest:

DROP account balances are credited at the beginning of each month with interest at 1/12th the rate assumed in the actuarial valuation for that year.

Disability Retirement – Service Incurred

Eligibility:

Members are immediately eligible for a Disability Retirement Benefit where the Disability results from an act occurring in the performance of service with the City of Pompano Beach.

Disability Retirement eligibility is forfeited upon entry into the DROP.

Disability Definition:

Total and permanent disablement and unable to earn at least 75% of regular earnings. A member who is eligible for full primary Social Security old age benefits is not eligible.

Benefit:

60% of Earnings.

Normal Form of Benefit:

Life annuity to the member.

COLA:

- Plan 1:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

- Plan 2:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Disability Retirement – Non-Service Incurred

Eligibility:

Total and permanent disablement, 10 years of service, and unable to be gainfully employed. A member who is eligible for full primary Social Security old age benefits is not eligible.

Disability Retirement eligibility is forfeited upon entry into the DROP.

Benefit:

Accrued pension, subject to a minimum of 25% of Earnings.

COLA:

- Plan 1:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

- Plan 2:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Pre-Retirement Death Benefit – Basic

Benefit:

1 times annual earnings (payable in monthly installments over four years) plus a refund of contributions with interest. Alternatively, for members eligible for Early or Normal Retirement, or who have a vested benefit whether still actively employed by the City or not, the pension is payable to the beneficiary for 10 years as though retirement occurred on the date of death under Option 2, Ten Year Certain and Life (no reduction for early retirement if death occurs prior to normal retirement).

COLA:

Plan 1: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

Plan 2: Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.

Withdrawal – Non Vested

Eligibility:

First day of work, up to the earlier of 10 years of City service or 5 years of Senior Management Service for regular employees only.

Benefit:

Accumulated contributions with 3% interest.

Form of Benefit:

Lump sum.

Withdrawal – Vested

Eligibility:

Regular employees – at least 10 years of service.

Senior Managers – earlier of 10 years of City service and 5 years of Senior Management Service.

Elected Officials and Appointees – at least 5 years of service.

Benefit:

A vested benefit deferred to regular normal retirement date. Alternatively, a regular employee or Senior Management participant may withdraw the accumulated contributions and forfeit the deferred vested benefit.

Member Contributions

Contributions:

Elected Officials and Appointees

No member contributions. However, the City will make contributions at the same rate that applies to Regular Employees on behalf of these participants. These contributions are not eligible for refund upon termination.

Regular Employees and Senior Managers

Plan 1: 10.0% of earnings.

Plan 2: 7.0% of earnings.

Interest Crediting Rate:

3% per year.

Optional Forms of Payment

Option 1:

Joint and last survivor option.

Option 2:

Ten-Year Certain and Life option.

Additional Provisions

Reentry Provision:

Credit for prior service is granted in full upon repayment of all monies refunded to the member with interest at the assumed interest rate for actuarial purposes.

Second Retirement Provision:

Members may retire and return to work as a regular employee. Prior pension payments are continued during the period of reemployment. A second benefit is earned based solely on the second period of employment, provided the employee worked at least three years during the second period of employment.

The following Plan Amendments have been adopted within the past few years. Amendment changes that have first been reflected in this valuation are shown in bold print:

1. Effective June 8, 2011
 - a) For members hired on or after June 8, 2011, average monthly earnings is the average of the highest 130 bi-weekly pay periods times 1.0048.
 - b) For members hired on or after June 8, 2011, the monthly retirement benefit is 2.0% times average monthly earnings.
 - c) For members hired on or after June 8, 2011, the contribution rate is 7.0% of earnings.
 - d) For members hired on or after June 8, 2011, a member is eligible for a COLA on their fifth anniversary of retirement. No increase is given for eligible retirees under 55 on October 1. A 1% increase is given for eligible retirees between 55 and 64. A 2% increase is given for eligible retirees 65 or older. A “variable” increase (of not more than one percent) will be granted when the plan is sufficiently funded.
