## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees of  
The City of Pompano Beach General Employees' Retirement System

### **Report on the Financial Statements**

We have audited the accompanying financial statements of The City of Pompano Beach General Employees' Retirement System, which comprise the statement of fiduciary net position as of September 30, 2020, and the related statement of changes in fiduciary net position for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of The City of Pompano Beach General Employees' Retirement System as of September 30, 2020, and the changes in its fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **INDEPENDENT AUDITOR'S REPORT** (Continued)

### **Other Matters**

#### *Prior Year Comparative Information*

We have previously audited The City of Pompano Beach General Employees' Retirement System's 2019 financial statements, and our report dated December 17, 2019, expressed an unmodified opinion on those financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4-7 and the schedules of contributions from employers and other contributors, schedule of investment returns and schedules of changes in the employer's net pension liability and related ratios on pages 26-29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of administrative expenses is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

**INDEPENDENT AUDITOR'S REPORT** (Continued)

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2020, on our consideration of The City of Pompano Beach General Employees' Retirement System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The City of Pompano Beach General Employees' Retirement System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The City of Pompano Beach General Employees' Retirement System's internal control over financial reporting and compliance.

## **GENERAL EMPLOYEES' RETIREMENT SYSTEM**

### **MANAGEMENT DISCUSSION AND ANALYSIS**

This section of the annual financial report presents Management's Discussion and Analysis (MD&A) of The City of Pompano Beach General Employees' Retirement System's (the Plan) financial performance. This analysis provides an overview of the financial activities and funding conditions for fiscal year ended September 30, 2020. Please read it in conjunction with the Plan financial statements, which immediately follow.

#### ***General Overview of the Plan***

The Plan was first established on December 8, 1972, and later amended to provide retirement, disability and death benefits for the employees of the City of Pompano Beach, Florida (the City). The Plan is also governed by certain provisions of the Florida Statutes under Chapter 112. The City is the sponsor of this Plan.

There is a Board of Trustees (the Board) in whom the general administration, management and responsibility for the proper operation of the Plan is vested.

#### ***Overview of the Financial Statements***

The financial section of this annual report consists of five parts: MD&A, the basic financial statements, notes to the financial statements, supplementary information and required supplementary information.

The financial statements provide both long-term and short-term information about the Plan's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of other and required supplementary information that further explains and supports the information in the financial statements.

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). Under GAAP, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred and appreciation (depreciation) of assets is recognized in the statement of changes in fiduciary net position. All assets and liabilities associated with the operation of the Plan are included in the statement of fiduciary net position.

The statement of fiduciary net position reports fiduciary net position and how it has changed. A net asset is the difference between the asset and any related liabilities. It is one measurement of the financial health or current position of the Plan.

#### ***Financial Highlights***

The Plan's net results from operations for fiscal year 2020 reflected the following financial activities:

- Total net position restricted for pension was \$200,716,424 which was 5% greater than the 2019 total net position restricted for pension.
- Total contributions were \$13,234,692 which was 8% greater than the 2019 contributions.
- Total interest and dividend income was \$3,381,229 which was 10% lower than the 2019 interest and dividend income.
- Net investment income was \$11,092,521 which was 110% greater than the 2019 net investment income.
- Benefits paid directly to retirees was \$12,951,325 which was 4% greater than the benefits paid directly to retirees during 2019.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

#### *Financial Highlights* (Continued)

Total contributions coming from the City, employees, Broward County Sheriff's Office and the Broward County library for the year were \$13,234,692 which was 8% greater than the 2019 contributions. The amount of employer contributions varies from year to year and is actuarially determined. Employee contributions are made by Tier One members, who contribute at 10% of pensionable gross wages and Tier Two members, who contribute at 7% of pensionable gross wages.

#### *Statement of Fiduciary Net Position*

The following condensed comparative statement of fiduciary net position is a snap shot of account balances at the fiscal year end of the Plan. It reports the assets available for future payments to retirees and any current liabilities that are owed as of the financial statement date. The resulting net asset value, or assets minus liabilities, represents the value of assets held in trust for pension benefits.

The Plan continues to be evaluated for actuarial soundness by the actuary of the Plan. It should be noted that retirement system funding is based on a long-term perspective and that temporary fluctuations in the market are to be expected.

- Net position restricted for pension at September 30, 2020 was \$200,716,424 a 5% increase from net position restricted for pension at September 30, 2019.
- Total investments at September 30, 2020 were \$200,648,066 a 5% increase from the investments at September 30, 2019.

The table below presents condensed comparative statements of fiduciary net position as of September 30:

	2020	2019	% Change
Cash	\$ 28,482	\$ 22,975	24%
Receivables	182,392	278,675	(35%)
Investments, at fair value	200,648,066	191,691,377	5%
Other assets	3,780	6,438	(41%)
Total assets	200,862,720	191,999,465	5%
Total liabilities	146,296	136,641	7%
Net position restricted for pensions	\$ 200,716,424	\$ 191,862,824	5%

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

#### *Statement of Changes in Fiduciary Net Position*

The statement of changes in fiduciary net position presents the effect of pension Plan transactions that occurred during the fiscal year. On the statement, additions to the Plan minus deductions from the Plan equal net increase or decrease in fiduciary net position.

The funding objective is to meet long-term obligations and fund all pension benefits.

- Revenues (additions to the fiduciary net position) for the Plan were \$24,327,213 which was made up of contributions of \$13,234,692 plus net investment income of \$11,092,521.
- Expenses (deductions from the fiduciary net position) decreased from \$16,942,183 during 2019 to \$15,473,613 during 2020.

The table below presents condensed comparative statements of the changes in fiduciary net position for the year ended September 30:

	2020	2019	% Change
Total contributions	\$ 13,234,692	\$ 12,211,294	8%
Net investment income	11,092,521	5,291,693	110%
Other income	-	82,363	(100%)
Total additions	24,327,213	17,585,350	38%
Total deductions	15,473,613	16,942,183	(9%)
Net increase	8,853,600	643,167	1,277%
Net position restricted for pensions – beginning	191,862,824	191,219,657	0%
Net position restricted for pensions – ending	\$ 200,716,424	\$ 191,862,824	5%

#### *Asset Allocation*

The table below indicates the Plan's investment policy limitations and actual asset allocations as of September 30, 2020:

Type of Investment	Investment Policy	Actual Allocation
Domestic equities	30%-70%	53.23%
International equities	5%-25%	8.46%
Fixed income	10%-35%	13.21%
Real estate funds	5%-25%	14.81%
Alternatives	5%-20%	6.42%
Cash and cash equivalents	0%-10%	3.87%

The investment guidelines provide for the appropriate diversification of the portfolio. Investments have been diversified to the extent practicable to control risk of loss resulting from over-concentration of a specific maturity, issuer, instrument, dealer or bank through which financial instruments are bought and sold.

# **THE CITY OF POMPAÑO BEACH**

## **GENERAL EMPLOYEES' RETIREMENT SYSTEM**

### **MANAGEMENT DISCUSSION AND ANALYSIS** (Continued)

The Board recognizes that some risk must be assumed to achieve the Plan's long-term investment objectives. In establishing the risk tolerances, the Plan's ability to withstand short and intermediate term variability has been considered. However, the Plan's financial condition enables the Board to adopt long-term investment perspective.

#### ***Investment Activities***

Investment income is vital to the Plan for current and future financial stability. Therefore, the Board has a fiduciary responsibility to act prudently when making plan investment decisions. To assist the Board in this area, the Board retains investment managers who supervise and direct the investment of the assets. The Board also retains an investment monitor to evaluate and report on quarterly basis compliance by the investment managers with the investment policy of the Board and investment performance of the Plan. The investment policy statement was last amended on May 19, 2020.

The Board and its investment consultant review portfolio performance in compliance with the investment policy statement quarterly. Performance is evaluated both individually by money manager style and collectively by investment type and for the aggregate portfolio.

#### ***Financial Analysis Summary***

The investment activities for the fiscal year ended September 30, 2020 are a function of the underlying market, money managers' performance and the investment policy's asset allocation model. The Plan has consistently implemented a high quality, conservative approach.

#### ***Contacting the Plan's Financial Management***

This financial analysis is designed to provide the Board, Plan participants and the marketplace credit analysts with an overview of the Plan's finances and the prudent exercise of the Board's oversight. If you have any questions regarding this report or you need additional financial information, please contact the administrator of The City of Pompano Beach General Employees' Retirement System, Madelene L. Klein, Executive Director, 2255 S.W. 2<sup>nd</sup> Street, Pompano Beach, FL 33069.

# **THE CITY OF POMPANO BEACH**

## **GENERAL EMPLOYEES' RETIREMENT SYSTEM**

### **NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED SEPTEMBER 30, 2020**

#### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### ***Investment Valuation and Income Recognition***

Investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (see Note 4 for discussion of fair value measurements).

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### ***Basis of Accounting and Use of Estimates***

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **NOTE 2. DESCRIPTION OF THE PLAN**

The following description of The City of Pompano Beach General Employees' Retirement System (the Plan) provides only general information. Participants should refer to the City of Pompano Beach, Florida's (the City) ordinance for more detailed and comprehensive information.

##### ***General***

The Plan is a single employer defined benefit pension plan established by the City on December 8, 1972. The Plan reflects the provisions and requirements of City Code Sections No. 34.010 through 34.040, as amended. Since the Plan is sponsored by the City, the Plan is included as a pension trust fund in the City's comprehensive annual financial report as part of the City's financial reporting entity.

The Plan is administered by a board of seven trustees comprised of three persons elected directly by the members, three persons who are not members appointed by the City Commission, and one person elected by the other six trustees.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

#### NOTE 2. DESCRIPTION OF THE PLAN (Continued)

##### *Plan Membership*

At September 30, 2020, pension plan membership consisted of the following:

Retirees and beneficiaries	455
Terminated employees entitled to benefits but not receiving them	26
Fully vested, partially vested and non-vested active employees covered by the Plan	<u>520</u>
	<u>1,001</u>

##### *Eligibility*

Participants are all general employees with full-time status, elected officials, appointees and senior managers in the City of Pompano Beach, Florida who have met the requirements of the City's merit system. Members are further divided in the following two tiers:

Tier One members are those members hired prior to June 8, 2011.

Tier Two members are those members hired on or after June 8, 2011.

##### *Benefits*

###### ➤ *All Members*

Normal retirement is at the earlier of attainment of age 55 and 20 completed years of credited service or age 62 and 3 completed years of credited service. Several benefit options are available to members that are elected at time of retirement. Early retirement, disability, death and other benefits are also provided. General employees have vested benefits after 7 years of creditable service in accordance with qualifications under the plan. Elected officials, appointees, and senior management have vested benefits after 5 years of creditable service in accordance with qualifications under the Plan.

###### ➤ *Normal Retirement Benefit*

###### • *Tier One Members*

The normal retirement benefit is calculated by multiplying 2.75% of the average monthly salary by the years of credited service. Average monthly salary is the average of the highest completed 78 biweekly pay periods multiplied by 1.0048.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

#### NOTE 2. DESCRIPTION OF THE PLAN (Continued)

##### *Benefits* (Continued)

##### ➤ *Normal Retirement Benefit* (Continued)

- *Tier Two Members*

The normal retirement benefit is calculated by multiplying 2.00% of the average monthly salary by the years of credited service. Average monthly salary is the average of the highest completed 130 biweekly pay periods multiplied by 1.0048.

##### ➤ *Maximum Benefit*

The maximum is \$90,000 per year (indexed) at age 62, or 100% of average monthly salary (such earnings to exclude picked-up employee contributions per Sec. 414(h)(2), deferred compensation per Sec 457, and amounts deferred under Sec 125).

##### ➤ *Early Retirement Benefit*

- *Tier One Members*

Early retirement benefit is calculated using 2.75% of average monthly salary multiplied by the years of service. Benefits are actuarially reduced for early retirement.

- *Tier Two Members*

Early retirement benefit is calculated using 2.00% of average monthly salary multiplied by the years of service. Benefits are actuarially reduced for early retirement.

##### ➤ *Delayed Retirement Benefit*

- *Tier One Members*

Delayed retirement benefit is calculated using 2.75% of average monthly salary multiplied by the years of service.

- *Tier Two Members*

Delayed retirement benefit is calculated using 2.00% of average monthly salary multiplied by the years of service.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

#### NOTE 2. DESCRIPTION OF THE PLAN (Continued)

##### *Benefits (Continued)*

##### ➤ *Deferred Retirement Option Plan*

Members who are eligible to receive a normal retirement pension may freeze their accrued benefits and elect to participate in a Deferred Retirement Option Plan (DROP) while continuing their active employment. For members electing participation in the DROP, an individual DROP account shall be created. Payment shall be made by the Plan into the employee's DROP account in an amount equal to the regular monthly retirement benefit which the participant would have received had the participant separated from service and commenced receipt of pension benefits plus interest. Interest shall be at the same rate as the investment earnings assumption for the Plan. Participation in the DROP is limited to 60 months.

##### ➤ *Cost-of-Living Adjustment*

- *Tier One Members*

The Plan allows for an annual guaranteed cost of living adjustment (COLA) equal to two percent (2%) payable on October 1, plus an additional variable COLA equal to up to one percent (1%) if Plan earnings are sufficient (as certified by the Plan's actuary). The COLA is payable to each Retiree who has been retired for at least one year at the time of COLA payment (October 1). All retirees and their beneficiaries are eligible for the COLA once they have been retired for one year.

- *Tier Two Members*

The Plan allows for an annual guaranteed cost of living adjustment (COLA) for eligible retirees over the age of 55, payable to each retiree who has been retired for five years at the time of the COLA payment (October 1). The amount is determined by the retiree's age on October 1. The COLA amount is one percent (1%) for retirees between the ages of 55 and 64. For retirees age 65 and older, the COLA amount is two percent (2%). In addition, eligible retirees may receive an additional variable COLA equal to up to one percent (1%) if Plan earnings are sufficient (as certified by the Plan's actuary).

##### *Funding*

Tier One members are required to contribute 10% of their earnings to the Plan. Tier Two members are required to contribute 7% of their earnings to the Plan. If a member terminates employment before becoming eligible to receive benefits, the accumulated contributions will be returned to the member plus interest at 3% per year.

The City is to contribute such amounts as are necessary to maintain the actuarial soundness of the Plan and to provide the Plan with assets sufficient to meet the benefits to be paid to the participants.

The County is to contribute such amounts as determined by an actuary to cover Broward Sheriff's Office employees.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

#### NOTE 2. DESCRIPTION OF THE PLAN (Continued)

##### *Rate of Return*

For the year ended September 30, 2020, the annual money-weighted rate of return on Plan investments, net of investment expense was 5.7%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### NOTE 3. INVESTMENTS

The Plan's policy in regard to the allocation of invested assets is established and may be amended by the Board. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension plan. The investment policy statement was last amended on May 19, 2020. The following was the Board's adopted asset allocation policy as of September 30, 2020:

<u>Type of Investment</u>	<u>Target Allocation</u>
Domestic equities	30%-70%
International equities	5%-25%
Fixed income	10%-35%
Real estate funds	5%-25%
Alternatives	5%-20%
Cash and cash equivalents	0%-10%

During the year ended September 30, 2020 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$8,445,294 (reported as net appreciation in fair value of investments in the accompanying statement of changes in fiduciary net position) as follows:

Common stock	\$ (3,978,735)
Private equity funds	(3,684,347)
Real estate funds	366,232
Mutual funds	14,990,021
Corporate bonds	575,968
Government securities	<u>176,155</u>
Total	<u><u>\$ 8,445,294</u></u>

The term "interest risk" refers to the portfolio's exposure to fair value losses arising from increasing interest rates. Interest rate risk disclosures are required for all debt investments, as well as investments in mutual funds, external investment pools and other pooled investments that do not meet the definition of a 2a7-like pool.

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020  
(Continued)

#### NOTE 3. INVESTMENTS (Continued)

The Plan's investment policy does not use limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Plan's investments in corporate bonds and government securities had maturities as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less than 1</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>More than 10</u>
Corporate bonds	\$ 14,745,480	\$ 1,913,815	\$ 8,798,802	\$ 3,787,740	\$ 245,123
U.S. treasuries	4,877,846	-	1,249,905	3,627,941	-
U.S. agencies	6,889,584	853	308,219	116,147	6,464,365
Totals	<u>\$ 26,512,910</u>	<u>\$ 1,914,668</u>	<u>\$ 10,356,926</u>	<u>\$ 7,531,828</u>	<u>\$ 6,709,488</u>

The term "credit risk" is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. The Plan's fixed income portfolio was rated by Moody's Investors Services as follows:

<u>Rating</u>	<u>Fair Value</u>
AAA	\$ 5,109,126
AA2	595,707
AA3	587,460
A1	800,650
A2	5,194,245
A3	3,872,775
BAA1	2,321,394
BAA2	1,066,969
WR	75,000
Unrated securities	6,889,584
Total	<u>\$ 26,512,910</u>

The Plan limits investment in the securities of any one issuer, other than the U.S. Government and its agencies, to no more than 5% of fiduciary net position. The Plan had no such investments as of September 30, 2020.

"Foreign currency risk" is the risk that fluctuations in currency exchange rate may affect transactions conducted in currencies other than U.S. Dollars and the carrying value of foreign investments. The Plan's exposure to foreign currency risk derives mainly from its investments in international equity funds. The Plan owns participation in international equity funds as well as individual securities. The investment policy limits the foreign investments to no more than 25% of the Plan's investment balance. As of year-end, the foreign investments were 8.46% of total investments.

### **NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED SEPTEMBER 30, 2020**

(Continued)

#### **NOTE 4. FAIR VALUE MEASUREMENTS**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements within the fair value hierarchy as established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market as follows:

Level 1- Inputs to the valuation methodology are based upon quoted prices for identical assets in active markets.

Level 2- Inputs to the valuation methodology are based upon observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3- Inputs to the valuation methodology are based upon unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value.

Common stocks: Valued at the closing price reported on the New York Stock Exchange.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual funds: Valued at the daily closing price as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yield of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

Private equity funds: Valued based on the net asset value (NAV). The most significant input into the NAV is the fair value of its investment holdings. These holdings are valued by the general partners on a quarterly basis, in conjunction with management and investment advisors. The Plan has holdings in two limited partnerships.

Real estate funds: Valued at the net asset value of shares held by the Plan at year end. The Plan has investment in a private market real estate investment for which no liquid public market exists.

Money market funds: Valued at the floating net asset value of shares held by the Plan at year end.

(Continued)

#### NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table presents the Plan's fair value hierarchy for investments at fair value as of September 30, 2020:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	<u>Total</u>			
<u>Investments by fair value level</u>				
Equity securities:				
Common stocks	\$ 30,870,324	\$ 30,870,324	\$ -	\$ -
Mutual funds	92,928,535	92,928,535	-	-
Total equity securities	<u>123,798,859</u>	<u>123,798,859</u>	<u>-</u>	<u>-</u>
Debt securities:				
U.S. treasury securities	4,877,846	4,877,846	-	-
U.S. agency securities	6,889,584	-	6,889,584	-
Corporate bonds	14,745,480	-	14,745,480	-
Total debt securities	<u>26,512,910</u>	<u>4,877,846</u>	<u>21,635,064</u>	<u>-</u>
Total investments by fair value level	<u>150,311,769</u>	<u>128,676,705</u>	<u>21,635,064</u>	<u>-</u>
<u>Investments measured at the net asset value (NAV)<sup>(a)</sup></u>				
Real estate funds	29,706,710			
Private equity funds	12,881,548			
Total investments measured at the NAV	<u>42,588,258</u>			
Money market funds (exempt)	<u>7,748,039</u>			
Total investments	<u>\$ 200,648,066</u>			

(a) As required by GAAP, certain investments that are measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investment line item in the statement of fiduciary net position.

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020  
(Continued)

#### NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient, including their related unfunded commitments and redemption restrictions.

<u>Investments Measured at the NAV</u>		Redemption		
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Real estate fund <sup>(1)</sup>	\$ 22,699,124	\$ -	Quarterly	45 Days
Real estate fund <sup>(2)</sup>	7,007,586	-	Quarterly	10 Days
Private equity fund <sup>(3)</sup>	2,368,744	136,594	N/A	N/A
Private equity fund <sup>(4)</sup>	10,512,804	-	N/A	N/A
Total investments measured at the NAV	<u>\$ 42,588,258</u>	<u>\$ 136,594</u>		

- (1) Real estate fund: This fund is an open-end, commingled real-estate fund consisting primarily of real estate properties in the multifamily, industrial, office, retail and hotel sector. The investment is valued at NAV and redemption requests must be received by the fund 45 days prior to quarter-end.
- (2) Real estate fund: This fund is an open-end, commingled investment vehicle with a multi-disciplinary investment strategy. Diversified nationally, the foundation of the portfolio is to acquire yield-driven assets consisting of all property types. The investment is valued at NAV and redemption request must be received by the fund 10 days prior to quarter end.
- (3) Private equity fund: This fund seeks to acquire and structure private equity portfolios of private equity partnerships and underlying portfolio companies. The investment is valued at NAV.
- (4) Private equity fund: This fund seeks to acquire and structure private equity portfolios of private equity partnerships and underlying portfolio companies. The investment is valued at NAV.

#### NOTE 5. ACTUARIAL VALUATION

The most recent actuarial valuation was done as of October 1, 2019. Entry age normal was used as the actuarial cost method. The amortization method used was the level percentage closed method and 30 years was used for the amortization period. The five year smoothed market value method was used for asset valuation.

The mortality tables used were as follows:

Pre-Retirement Mortality – Female: RP2000 Generational, 100% Combined Healthy White Collar, Scale BB; Male: RP2000 Generational, 50% Combined Healthy White Collar/50% Combined Healthy Blue Collar, Scale BB.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

#### NOTE 5. ACTUARIAL VALUATION (Continued)

Post-Retirement Healthy Mortality – Female: RP2000 Generational, 100% Annuitant White Collar, Scale BB; Male: RP2000 Generational, 50% Annuitant White Collar/50% Annuitant Blue Collar, Scale BB.

Post-Retirement Disabled Mortality – Female: 100% Disabled Female set forward two years, no projection scale; Male: RP2000, 100% Disabled Male setback four years, no projection scale.

Principal assumptions used were 7.55% for the investment rate of return, 4.25% to 7.50% for projected salary increases and 3.5% for inflation.

The actuary further determined that the required City contribution for the year ended September 30, 2020 was \$9,910,087. This was done on the actuarial report as of October 1, 2018. This amount was contributed in full.

#### NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of fiduciary net position available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

#### NOTE 7. NET PENSION LIABILITY OF THE PLAN

The components of the net pension liability of the City at September 30, 2020 were as follows:

Total pension liability	\$ 286,678,495
Plan fiduciary net position	<u>200,716,424</u>
City's net pension liability	<u>\$ 85,962,071</u>

Plan fiduciary net position as a percentage of the total pension liability	70.01%
---	--------

The total pension liability, required to be reported under Governmental Accounting Standards, was determined by an actuarial valuation as of October 1, 2019. The total pension liability was rolled-forward from the valuation date to the Plan's fiscal year ending September 30, 2020 using certain actuarial assumptions, the most significant of which were 7.50%, net of pension plan investment expense, for the investment rate of return, 4.25% to 7.50% for projected salary increases and 2.50% for inflation.

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020  
(Continued)

#### NOTE 7. NET PENSION LIABILITY OF THE PLAN (Continued)

Mortality rates were based on the PUP-2010 Headcount Weighted General Below Median Employee Tables for males and females.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2020 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term expected real rate of return</u>
US Large Cap Equity	35.00%	6.19%
US Small/Mid Cap Equity	15.00%	7.37%
International Equity	10.00%	6.92%
US Direct Real Estate	15.00%	5.74%
Absolute Return	10.00%	3.93%
US Aggregate Bond	15.00%	0.84%

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The sensitivity of the net pension liability to changes in the discount rate was measured as follows. The net pension liability of the City was calculated using the discount rate of 7.50%. It was also calculated using a discount rate that was 1-percentage-point lower (6.50%) and 1-percentage-point higher (8.50%) and the different computations were compared.

	1% decrease	Current	1% increase
	<u>(6.50%)</u>	<u>(7.50%)</u>	<u>(8.50%)</u>
Net pension liability	\$ 119,165,539	\$ 85,962,071	\$ 58,112,348

# THE CITY OF POMPANO BEACH

## GENERAL EMPLOYEES' RETIREMENT SYSTEM

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020  
(Continued)

#### NOTE 8. INCOME TAXES

The Plan is exempt from federal income taxes under the Internal Revenue Code and, accordingly, no provision for federal income taxes has been made.

On December 12, 2016, the Plan obtained its most recent determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of Internal Revenue Code 401(a), and therefore, is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE 9. LEASE COMMITMENT

Effective October 1, 2019, the Plan entered into a lease agreement with Atlantic Commercial Holdings, LLC for rental of office space. The lease agreement is classified as an operating lease. The following is a schedule of approximate future minimum lease payments required under the agreement:

<u>Year</u>	<u>Amount</u>
2021	\$ 37,935
2022	39,073
2023	40,246
2024	41,453
Thereafter	3,463
	<u>\$ 162,170</u>

#### NOTE 10. PENSION PLANS

The Plan's employees are covered under a 401(a) pension plan. Contributions were made to the pension plan at a 10% rate of gross payroll. For the year ended September 30, 2020, the pension expense, which is included in employee benefits expense, was \$23,732.

#### NOTE 11. SUBSEQUENT EVENTS

The Plan's ongoing funding may experience instability and estimates included in the financial statements may change due to current political and economic conditions as a result of public health concerns related to the novel coronavirus, or COVID-19. The duration and intensity of these impacts and resulting disruption to which these events affect the Plan's business will depend on future developments, which are highly uncertain and cannot be predicted at this time.

**GENERAL EMPLOYEES' RETIREMENT SYSTEM**

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2020

(Continued)

**NOTE 11. SUBSEQUENT EVENTS** (Continued)

On December 8, 2020, the City passed and adopted an ordinance which changed and amended certain provisions of the Plan. The changes affecting the Plan consist of moving all members from Tier Two to Tier One. Tier Two members have the option to contribute an additional 3% in order to receive credit in Tier One for their past Tier Two service. In addition, the DROP period will be extended to 96 months for members entering the DROP with a minimum of 20 years of employment. Existing DROP members with at least 20 years of employment at the time they entered the DROP must elect to extend their DROP periods from 60 to 96 months prior to January 31, 2021.

Management has evaluated subsequent events for the Plan through December 15, 2020, the date the financial statements were available to be issued.

*This schedule is presented as required by accounting principles generally accepted in the United States of America, however, until a full 10-year trend is compiled, information is presented for those years available.*

The accompanying independent auditor's report should be read with this supplemental schedule.

**THE CITY OF POMPANO BEACH  
GENERAL EMPLOYEES' RETIREMENT SYSTEM**

COMPLIANCE REPORT

SEPTEMBER 30, 2020

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT  
AUDITING STANDARDS**

To the Board of Trustees of  
The City of Pompano Beach General Employees' Retirement System

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of The City of Pompano Beach General Employees' Retirement System, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise The City of Pompano Beach General Employees' Retirement System's basic financial statements, and have issued our report thereon dated December 15, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The City of Pompano Beach General Employees' Retirement System's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The City of Pompano Beach General Employees' Retirement System's internal control. Accordingly, we do not express an opinion on the effectiveness of The City of Pompano Beach General Employees' Retirement System's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of The City of Pompano Beach General Employees' Retirement System's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT  
AUDITING STANDARDS** (Continued)

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The City of Pompano Beach General Employees' Retirement System financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The City of Pompano Beach General Employees' Retirement System's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The City of Pompano Beach General Employees' Retirement System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
